WEDDING DAY

The Wedding Coordinators are volunteers of the National Trust. The OHS Rules of the National Trust require each couple to nominate a 'Set Up Team' to move the required trestles and wedding chairs by trolley, to the site selected for your ceremony. At the conclusion of your wedding the 'Pack Up Team' return the trestles and chairs to storage prior to departing for the wedding reception.

The actual setting up time is not counted as part of your 3 hours period in the grounds. The Wedding Coordinators are flexible with the time of setting up prior to your ceremony.

WEDDING PHOTOGRAPHY

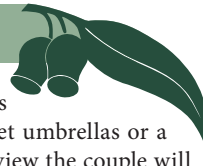

The Courthouse and grounds can be booked for bridal photography. The main gates and toilets will be opened.

A fee is required and paid at the time of a short interview for details. This fee holds your booking date.

Note: The grounds are never double booked for weddings or wedding photography.

INCLEMENT WEATHER

In the event of extreme weather conditions the bridal couple are required to hire market umbrellas or a free standing marquee. At the time of Interview the couple will be given a brochure of a local company which supplies quality umbrellas and marquees.
