

National Trust of Australia ACT

1979 - 2004

Registration of Classified places

The following is a list of places which the National Trust (ACT) has classified as being of high cultural and historical value to the heritage of the ACT. They represent not only the human history of the ACT dating from the last 20,000 years - but also the geological history of the landscape we see around us everyday.

The list will soon be available on our website
www.act.nationaltrust.org.au
