REPORT FROM PRESIDENT

It is some time since I made a written report in the Trust News. As we move into 1991 it is appropriate for me to comment on various issues and activities. After the summer holiday period our first major event has been the recent Antique Fair during Canberra Week. As usual it was a first class event and display of fine quality antiques. The splendid organisation by the Fund Raising Committee and the Antique Dealers Association of New South Wales and Victoria is very much appreciated. As this is such a major event and recognised as one of the finest antique displays in Canberra, plans for next year are already in hand. I was personally disappointed to have missed the opening night this year due to work commitments. It is one of my favourite Trust occasions and I am pleased that my wife was able to be there to represent both of us. To everyone who helped with the setting up, the flowers, the raffle, refreshments, operating the entrance, the Trust shop stall, sincere thanks.

One thing that is apparent from such occasions is that we are not seeing many new faces amongst the dedicated group of volunteers. Whilst not everyone has time available because of work demands, if anyone amongst the membership does have time and would like to help, even for a couple of hours, with voluntary activities please ring the office with your name. We have a body of about 200 dedicated volunteers including the Lanyon Guardians. This is one of our recognised major strengths and we should be only too happy to see additional recruits.

I am delighted to report that the first stage of restoration work at Mugga Mugga has been substantially completed particularly on the timbers of the lean-to shed. Work continues on the walls and wallpaper remnants in the cottage. The Trust has been allocated additional funds through the National Estate Grants Program for restoration of this important piece of our vernacular heritage. The work proceeds, of course, through the encouragement and enthusiasm of Miss Sylvia Curley, the owner of Mugga Mugga. I am also pleased to report that the Classification Committee has already this year documented a number of important classification proposals for sites of native flora and fauna significance.

Last year the Trust commented on various heritage issues in Canberra. One of these was the future of the billboard on City Hill. The Trust took a leading public role in asking for its removal and resiting. I am pleased to report that the ACT Government has approved the removal of the billboard. Another was the proposal for residential development on Northbourne Oval. The Trust stressed the heritage significance of the Oval and it is gratifying to see the outcome that residential development is not to be allowed.

You will have seen in the February issue of the Trust news that there is a full program of visits and events in the 1991 calendar. I look forward to seeing you at various events and particularly new members on 18 April.

1991 ANTIQUE FAIR

Once again the Antique Dealers Association of NSW and Victoria, in conjunction with the National Trust (ACT) held the Ninth Annual Canberra Antique Fair in the Albert Hall during Canberra Week.

The Fair was opened by Kate Peters whose charm and warmth brought a special Canberra stamp to the occasion.

Eleven stall holders participated and their presence enhanced the serenity of the Albert Hall.

Although takings were down on those of last year the Trust nevertheless grossed slightly over \$15,000 during the four days that the Fair ran. Regardless of income the Fair could neither have been staged or run without the dedication and commitment of a small army of volunteers and the Trust is indeed indebted to them for their perseverance and effort. The Canberra Festival would lose one of its star attractions without the commitment of the volunteers who make the Antique Fair possible.

MARCH 21, 1991.

Dear Peter,

Michael and I wish to thank you and all your "workers" for your great effort last week.

We enjoyed participating in the fair and really appreciated the support provided.

The individual thought and care with floral arrangements, catering and general maintenance throughout the weekend was very impressive.

We hope you were satisfied with the results, but realize "the times" were against us a little. Better luck with the tenth.

Please convey our thanks to all those concerned.

Yours sincerely,

HILL END AND SOFALA COACH TOUR

3 - 5 MAY 1991

Garth Setchell has now completed arrangements for this three day tour by luxury coach in autumn. He has even threatened that it will exceed last year's Mount Buffalo tour for interest and enjoyment.

The itinerary will include Guided tours, on foot and wheels, of such delightful historic town as Carcoar, Millthorpe and Canowindra. We will have a full day exploring the goldfields at Hill End and Sofala, followed by pre-dinner drinks at Miss Traill's Cottage, a National Trust property in Bathurst. The Sunday will include an early morning tour of the orchards surrounding Orange plus visits to two fascinating houses :

"Cliefden", via Mandurama - by courtesy of the Misses Rothery;

"Fairview", via Canowindra - by courtesy of Mr & Mrs W Finn.

Other features will include Wyangala Dam, Richard Wigglesworth's remarkable private collection of old working engines at Sofala and last of all, the Cartobe Winery near Boorowa - to give you that final glow and to enable you to restock your cellar.

Double, twin and single accommodation (all with facilities) have been booked at the Hotel Canobolas, Orange, on both the Friday and Saturday nights but the best news is that the all inclusive price for the tour has come down. Contingent upon fuel and other prices remaining stable, it will be possible to provide all travel, accommodation, meals, refreshments (excluding dinner drinks) and guide/entrance charges for \$300 per person (double or twin accommodation) and \$320 per person (single accommodation).

Full payment (less \$50 deposit if previously paid) is now required as available places are filling quickly.

UNIVERSITY OF CANBERRA

PROPOSED COURSE IN THE CONSERVATION OF TRADITIONAL BUILDING MATERIALS

The University of Canberra is developing a one-year graduate diploma course in the conservation of traditional building materials.

The course will cover aspects of the origin, use, properties, deterioration and conservation of stone, ceramics, mortars, plasters, renders, wood, metals, glass and paints and finishes.

At least part of the course will be offered as discrete modules, enabling students to take individual topics of particular interest. Depending on the results of a questionnaire survey, it is hoped that the course will be offered for the first time in 1992.

A two-week summer school is being planned as an introduction to the course. This will be open to anyone.

Expressions of interest in the course are being sought and the questionnaire will be sent to all interested bodies.

WINE WANTED

Once again a wine auction will be a feature of the Curry Supper to be held at St John Priory on Thursday 15 August 1991. The Trust has sought samples from vineyards but would like to supplant these with the wine donated by members.

Remember any wine that sours your palate might melt on someone else's.

Donations of bottles of wine may be left at the Trust office during working hours and any bottle will be gratefully received. Any donation can only add to the spirit and atmosphere of the evening.

LANYON COUNTRY SPRING FAIR - BOOK STALL

Last year the Book Stall at the Country Spring Fair at Lanyon was an outstanding success which we are hoping to emulate again on Sunday 3 November 1991. Consequently, from now on, any books you might wish to donate to the Trust for sale at the Country Spring Fair can be left at the Trust office during working hours.

SHOP FRONT

It is good to convey to members a successful gift shop sales period, especially relating to the recent Antique Fair. The valuable assistance of all voluntary helpers is appreciated and thanks are conveyed once again. Volunteer helpers are always in need so should you wish to assist in this way at Manuka or Lanyon please contact the office. A reminder to members that Jonathon's Restaurant, Woden Plaza, sell gift shop supplies. The location is upstairs near the ACT Electricity Office.

HELP - APPEAL FOR NEW GUARDIANS & GIFT SHOP HELPERS

We realise that, most members are busy working, or leading full lives in retirement. But, if you have a free day and could help out at Lanyon or one of our Gift Shops it would certainly make the job of the roster organisers a little easier, the advertising of the National Trust more effective and more efficient whilst giving volunteers a relaxing and enjoyable pastime.

For further information contact the Trust office on 281 0711. Rosters are available on request.

NATIONAL TRUST (NSW) MAGAZINE

Members are reminded that the National Trust (NSW) Magazine is available from the Trust Office and the Manuka Gift Shop. There are five issues per year and arrangements can be made with the Trust to post the magazine to members at a cost of \$8.00 p.a. Limited numbers of National Trust (Victoria) Magazines are also available from the Trust Office.

NATIONAL MUSEUM OF AUSTRALIA - MEDIA RELEASE 18 March 1991

CONSUMER AND THE ENVIRONMENT - DONATIONS TO THE NATIONAL MUSEUM OF AUSTRALIA

A range of consumer products which reflect a new era of environmental consciousness is to be included in the National Museum of Australia's collection.

The Minister for Arts, Tourism and Territories, Mr David Simmons, will accept the products on behalf of the Museum in a ceremony at the K Mart supermarket in Orange, NSW, on Wednesday, 20 March.

The products include such items as unbleached toilet tissue, various detergents and cleaners, a jute shopping bag, a water timer and compost bin. K Mart has donated them in response to a call from the National Museum for items to form part of its documentation of the changing trends in consumerism.

While research and debate continues about the degree to which such products are 'environmentally friendly', the K Mart range is meeting an important niche in consumer demand.

'By collecting in this area now, the Museum will be able to document how consumer awareness, consumer power, commercial initiative and shopping patterns change over time,' Mr Simons said. 'In perhaps 50 - 100 years the 'green'-promoted products of the 1990's will help people understand some of the forces that shaped Australian society in the 1990's.'

Human interaction with the environment is a major theme of the National Museum of Australia. The museum takes a broad approach to the environmentally sensitive consumerism may well be one exhibition that greets visitors when the National Museum of Australia opens officially in 2001.
