HAIG PARK

We note the update of the Haig Park Masterplan project circulated on 19/6/2017 and are extremely concerned that there is no reference to the Conservation Management Plan, particularly in "What's Next".

Reading this would indicate the masterplan will be prepared and implemented with no recognition of the CMP.

We remain steadfast that the heritage values need to be defined and an integral part of an updated CMP is to reassess heritage values and redefine opportunities and constraints before considering the masterplan.

The public needs to be provided with the revised heritage assessment to enable a considered analysis of the masterplan and we seek your commitment to provide this.

Yours sincerely

Eric Martin AM
