Easter Fun Day at Rippon Lea

CHAIRMAN'S REPORT

It gives me great pleasure to report to our members on another successful year for the National Trust in Victoria. Consistent with our mission to inspire the people of Victoria to protect, celebrate and enjoy the cultural, indigenous and natural heritage of the State, we have continued to deliver outstanding performances in engagement activities, strong advocacy, and building capacity to steward our heritage properties.

The second half of 2016 provided several further opportunities to celebrate the 60th anniversary of the Trust's founding in 1956. The celebratory year culminated in the delightful Como Garden Party shared with many of our members. Our focus from here has been very clearly on the future.

Over the past six months, the Board and Trust team have been engaged in the important work of strategic planning for the future. Whilst the plan has the usual five year focus, we have also set ourselves the challenging task of delivering a longer range, visionary, Strategic Plan that will guide the organization to its 100th anniversary. We are setting clearly defined, innovative, intelligent priorities today. The future success of the National Trust depends on our unwavering determination to be creatively ambitious, forward thinking and fully engaged with all sectors of the Victorian community. We look forward to launching our smart, bold and inspiring Strategic Plan at this year's AGM.

The year has yielded many highlights, one of those being the Night Life exhibition held at Barwon Park and Rippon Lea. Attracting excellent visitation, the exhibition showcased 1920's & 30's gowns from our own collection. We were delighted that Trust curator, Elizabeth Anya-Petrivna was recipient of this year's prestigious Museums Australia (Victoria) Award for Excellence for her outstanding development of the National Trust's Fashion Collection. Elizabeth and her team have been the driving force behind several consistently beautiful fashion exhibitions that have created new audiences for the Trust in recent years.

As Chairman, I was delighted to be involved with so many of the Trust's activities that promote the importance of heritage across the State. This year's National Trust Heritage Festival engaged with over 150,000 Victorians through talks, tours, exhibitions and events, recognising the diverse stories and narratives that have shaped our history, heritage and cultural life. It was also my pleasure to attend the National Trust Community Heritage Awards. Organised through our Branches in conjunction with local government, the awards play a significant role in promoting and recognising the community's outstanding work in preserving heritage in both the built and environmental arena. Our Branches do a wonderful job in making these awards such a success.

The Trust has campaigned vigorously throughout the year on a number of high profile heritage campaigns including the Corkman Hotel demolition fiasco, the Queen Victoria Market and the Richmond Maltings Complex. Campaigning advocacy by hard working Branches this year has led to several important heritage wins, most notable, the saving of the historic Barwon Aqueduct by the Geelong Branch.

This year, again, the Trust has had a steady operating result. Our equity of over 106M has been maintained whilst at the same time we have been able to deliver investment into expensive conservation projects at Trust properties. The cost of conservation is always high which is why we are so ambitious to secure revenue streams and endowment funds that will enable a sustainable future for all Trust properties.

It was with much appreciation that we farewelled two retiring Board Directors during the year. We acknowledge the contribution of Michael Peck AM and the essential role he has played as Chairman of Governance & Risk, fortifying many aspects of Trust governance. Anthony Knight OAM retired having given 30 years of service to the Trust. Anthony's long service is simply inestimable and we are truly grateful.

I congratulate our CEO, management team and staff for a most successful year. I sincerely thank all Board Directors for their hard work and dedication throughout the year. Together, we look forward to the year ahead.

Kristin Stegley OAM

MESSAGE FROM THE CEO

I am proud to bring to you our Annual Report of activity covering the period from July 2016 to June 2017 – our 61st year of operation. It has been a year of exploration, re-establishment and strategic development. We have welcomed new senior managers to the team in Commercial Operations/Marketing, Finance, Advocacy, Assets and Conservation Architecture who have complemented the stalwart professionals in People and Culture and Cultural Engagement. The professionalism of my team has been paramount and they have spent the past 12 months building on the activity of the past to reach new heights.

All areas of the organisation are being reviewed as we work to deliver our new strategic plan, and the team has an objective to build on capacity. We are judicious in our planning and are always seeking opportunities for continuous improvement and better outcomes.

Cash balances grew by over \$100,000 to \$2.6m and our net assets increased by \$311,700 to \$107m. The financial position of the organisation is steady and well managed; however, it is evident that when income equals expenditure on an annual basis that we will not be able to build a legacy and invest in asset repairs, maintenance and renewal. As a result, our ongoing focus will be on strategies to grow our endowment for these activities to occur.

I am very pleased to inform our membership that we are focussed on delivering on the commitments that we have made and this has seen some major asset activity over the past twelve months. Work is underway to prepare for the restoration of the Gardener's Cottage at Rippon Lea. Interior and exterior restoration works will be undertaken in 2018 to return the cottage to working condition so it can once again be used as the headquarters of the National Trust gardening team. This work will be undertaken with the generous support of the Rippon Lea Endowment Fund, which is a component of the Andrews Foundation. Work has continued this year on the masts and rigging of Polly Woodside courtesy of the funds made available through a Living Heritage Grant administered by Heritage Victoria for the State Government. This work is being undertaken by Ferdi Darley and many of our stalwart volunteers. We have also been the recipient of funds under the same scheme to enable urgent conservation work to be undertaken at Captain Mills Cottage in Port Fairy.

The success of the Dressmaker exhibition was continued with our self-curated Night Life exhibition that was exhibited at Barwon Park and Rippon Lea with over 17,000 people engaging with our collection. We have also seen a significant upswing in utilisation of our educational programs with 48,000 students attending formal learning programs with our Mrs Sargood incursion and at the Old Melbourne Gaol, Polly Woodside, Como and Rippon Lea.

Of exceptional note has been the continued success of the Annual Vintage Clothing Sale. Nance, Elizabeth, Deb and Betty meet weekly at Tasma to collate, price and procure vintage clothing and ephemera to go on sale at Como. Over the past 10 years nearly \$500,000 has been raised for Trust causes through their combined activity. In addition to this, our membership supported our Annual Appeal raising considerable funds for the restoration of the Como gates and to start work on re-painting the house.

Our smart and professional Advocacy team has been hard at work again this year with sadly still many issues affecting Victoria's heritage. A successful submission was made to help preserve the Richmond Maltings site and preserve the concrete silos. We have also made public our position on many important developments in Melbourne; the Queen Victoria Market, the Melbourne Metro Tunnel project and the West Gate Tunnel Project. Sadly, our pub heritage is under extreme threat and the illegal demolition of Corkman Irish Pub spurred many diverse groups into action against the developers. A highlight of the team's work has been their success in using social media to engage and garner action from members and supporters. The Advocacy team also took on a new role this year as being the conduit for information, registration and interaction with our very important Branches. We have held two Branch forums, one at Labassa and one hosted by the Geelong Branch where the team has been able to update on our activity but most importantly we have been able to listen and take on board input from the Branches. We are planning for these meetings to continue and the team has taken on the task of reviewing our Branch volunteer registration process and handbook.

Our invigorated marketing, bookings, membership and

design team has been ably improving our reach and engagement this year with a sharp focus on social media, professional interaction and amazing collateral. The job isn't finished; however, we have the team to do it!

Exceptional people management and organisational culture is vitally important for our success and thankfully this year has seen more volunteers than ever register to be involved with the Trust. Without our volunteers, and their knowledge, enthusiasm and passion for heritage we would not have the success that we have had. The design and implementation of volunteer registration and online information by our team has been a highlight and one that has been identified as international best practice and will be implemented by our national colleagues.

I am very proud to report that we have successfully

delivered on our 2nd Reconciliation Action Plan and are about to launch our third RAP. This has meant that we have undertaken significant actions to ensure that Aboriginal and Torres Strait Islander heritage values and partnerships are incorporated into our programs, projects and broader advocacy activity.

Simon Ambrose

PROPERTIES

Melbourne

LEFT TO RIGHT

Labassa La Trobe's Cottage Polly Woodside

Como

Como welcomed over 17,000 visitors to its events this year and many more to its grounds which are open free to public access seven days a week. Major events included Paris to Provence in November, now in its' 8th year, with over 9,000 people attending. The annual Vintage Clothing Sale was as popular as ever, well attended and raising over \$50,000. Como was also very busy running education programs with a record number of students hosted across the year. The coming year will see funds from this years' Annual Appeal spent restoring and painting the Como Avenue gates, lamp posts and works in preparation for painting of the house.

Labassa

Wedding photography and commercial filming have continued to grow in popularity at Labassa. Australia's most popular wedding magazine, Modern Wedding, photographed a feature in early 2017, and two major productions filmed extensively at the property. Hollywood film Winchester, starring Helen Mirren, and the Foxtel series production of Picnic at Hanging Rock delivered over \$185,000 of income to the Trust in four months.

In May, Labassa hosted the Australian Antique and Art Dealers Association Fair. The event brought together antique dealers from across Australia for a fice day long exhibition and community fair. Over 400 people attended the event, including many National Trust Members.

La Trobe's Cottage

La Trobe's Cottage recently formed a volunteer-run Management Committee to build on the years of experience and dedication within their group. The team are responsible for all aspects of the maintenance and presentation of La Trobe's Cottage including Open Days, tour groups and other events. They also continue to run the popular tours of Government House and represent the Trust in this important precinct, recently nominated for the National Heritage List.

Old Melbourne Gaol

The Old Melbourne Gaol continued to cement its' place as one of Victoria's major tourist destinations. A total of 168,031 visitors passed through the Gaol, Watch House and Magistrates' Court throughout the year, including 43,000 over school holiday periods.

New initiatives introduced this year included virtual reality headsets, enabling those with limited mobility to experience the upper levels of the Gaol. Audio tours are also now offered, providing visitors an alternative 45 minute tour of the Gaol.

In May the Gaol hosted the 12th annual Whitelion Bail Out charity event. The event raises funds for at risk youth, aged between 10 to 25 years old, with practical support such as mentoring programs, education and employment.

Rippon Lea

Rippon Lea hosted over 83,000 visitors in 2016-17. Major events included 3,600 attending the Teddy Bears' Picnic and over 4,000 attending Easter celebrations. The Night Life exhibition, drawn from the Trusts own collection, was well received and attended by over 15,000 people. Night Life continued to enhance the reputation Rippon Lea has built for fashion exhibitions over the winter period.

The volunteers team at Rippon Lea were congratulated throughout the year with seven receiving awards from the City of Glen Eira for their services. Throughout the year a dedicated group of volunteers began conducting regular weekly garden tours.

Polly Woodside

It has been a big year for the Polly Woodside with the commencement of a major restoration of the masts and rigging. With State Government funding, provided through Heritage Victoria, the masts of the Polly are being removed and lowered for the first time in 27 years, inspected and refurbished where necessary. Hundreds of metres of rigging are being painstakingly stripped and restored. The project will continue to run through the coming financial year. Volunteers are playing an important part in this project and more are always welcome. Special mention should be made of Neil Thomas who has been volunteering at Polly for 40 years now.

Polly continues to be a popular destination for young Victorians, with Education and Pirate Sunday groups making up the bulk of its' 20,000 visitors this year.

PROPERTIES Regional

Geelong Region

It was another busy year at our Geelong regional properties. The National Trust produced and curated the Night Life exhibition that saw over 3000 attend its' run at Barwon Park. Volunteers continued to work on several maintenance projects at The Heights. Plant sales at The Heights continue to grow in popularity in this, its' second year. A total of 500 visitors attended the Bellarine Quilters exhibition in October at Portarlington Mill and preparations were completed for repairs and restoration to timbers and the veranda at Barwon Grange. These important works will be completed in the coming months.

Mornington Peninsula

The Mornington Peninsula properties have benefitted from the creation of a Land Management and Conservation position working across the three sites. The gardens, paddocks and bushland at these sites have benefitted greatly from this work, carried out with the support of our dedicated volunteers. Work has begun converting the Mulberry Hill garage to a more usable café space from this spring/summer and a primary school education program is being developed for McCrae Homestead. Melbourne Water has supplied a grant for ongoing revegetation works at Endeavour Fern Gully and staff, our local branch and Council are working on further developments and activation at The Briars this coming year.

High Country

The Trust's three properties in Chiltern received around 1700 visitors and ran successful Open Days as part of the Heritage Festival. Monthly markets held at Lake View House have also been popular. Repair works have been carried out to timber, veranda and guttering at Lake View and Federal Standard Printing Works and creation of a detailed database of Dow's Pharmacy inventory is underway. We farewelled Cheryl Janetzki, volunteer of 12 years and former volunteer manager, and wish her all the best in her retirement.

LEFT TO RIGHT

Mulberry Hill Gulf Station Rippon Lea Heritage Apple Sale

NATIONAL TRUST

Mooramong ran several successful events throughout the year including the annual Pool and Garden parties. An Open Day in May was very successful with more than 450 visitors attending an exhibition of the Mackinnon Lalique glassware. The coming year is the 80th anniversary of Claire and Scobie McKinnon's arrival at Mooramong as a married couple and to celebrate the pool (also in its 80th year) will be undergoing repair and restoration. Work continues with Werribee Zoo on the introduction of The Maremma guardian dogs program as part of plans to secure a sanctuary for the Eastern Barred Bandicoot. On a sad note, we mark the loss earlier this year of one of the Suttee/Hogan family clan, Norma Hogan. The Suttee and Hogan families have been involved with Mooramong for over twenty five years and Norma for much of that time.

Yarra Valley and the Dandenongs

The volunteer-run Gulf Station Management team have undertaken many important tasks at the site including major repairs to the stables, schoolhouse and barn. In addition, many of the daily maintenance tasks on a farm such as repairs to fencing, pipes and water tanks are ably handled by the group. The volunteers also run Open Days, tend to the garden and do a fine job of documenting and reporting on their works to the Trusts' Assets team.

Port Fairy

Mott's Cottage continued to open two afternoons a week during the warmer months and by appointment during winter. In March 2017 the successful grant application for conservation works to Captain Mills Cottage was announced. The Living Heritage Grant of \$200,000 will be spent on conservation works to the interior and exterior of the building, which includes wallpaper stabilisation. The works will commence towards the end of 2017. Marten Syme, the Port Fairy Branch President continues to undertake research into Captain Mills Cottage discovering important details about the history of the property.

Gardens

The Trusts' garden staff continued to get great support this year from our many active volunteer groups across the sites. Not limited to gardening, volunteers are also involved in plant propagation and sales and conducting garden tours. Our garden team hosted over 100 members of the Botanic Gardens of Australia and New Zealand (BGANZ) for a professional development and networking day at Rippon Lea this year and was proud to showcase their achievements. The team was also pleased to add two apprentices to their ranks – Luke and Claudia, both graduates of our Green Army program from the previous year.

ADVOCACY

Statistics

The Trust has appeared at four Heritage Council hearings, three planning panels, and one Environment Effects Statement enquiry. Our advocacy team prepared 13 submissions relating to Heritage Victoria matters, and 32 formal submissions relating to local council matters.

Advocacy Campaigns

The Trust had a number of highprofile advocacy successes in 2016-17, including a successful submission to a Heritage Council Registration Amendment Hearing for the Richmond Maltings site resulting in the removal of an exemption that would have allowed for the demolition of the iconic 1960s concrete silos without a heritage permit. This campaign also resulted in the developer for the site submitting revised plans retaining more than 50% of the silos in a proposed redevelopment. We also had success at a VCAT hearing for a development which threatened to block views of the Skipping Girl sky sign, resulting in amended plans which will retain views of Little Audrey along Victoria Street. In partnership with community stakeholders, we also successfully advocated for the inclusion of the former Red Cross Rest Home in Caulfield, and Harry Seidler's Shell House, on the Victorian Heritage Register.

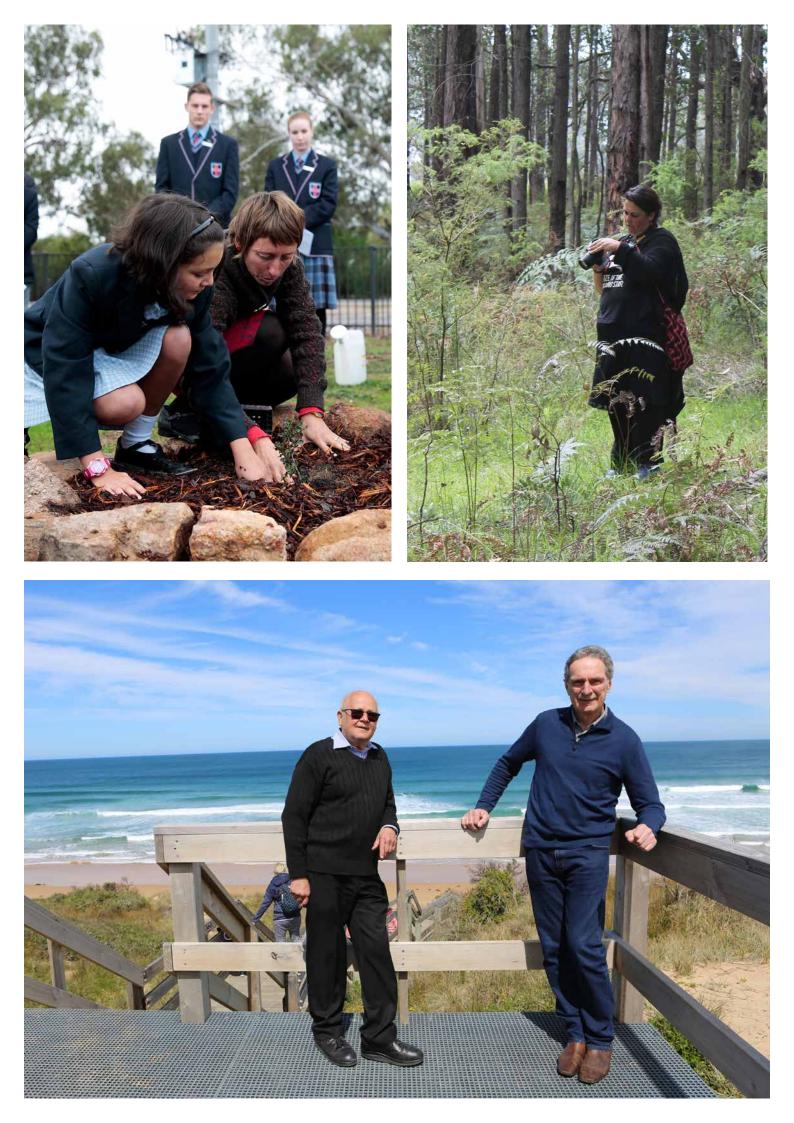

Key campaigns in 2016-2017 were:

- Heritage Act 2017
- Sunbury Rings Cultural Landscape
- Queen Victoria Market
- Ballarat Railway Station
 Redevelopment
- Our Pubs: Carlton Inn (Corkman Irish Pub), Greyhound Hotel, London Hotel, Great Western Hotel
- Melbourne Metro Tunnel Project
- Younghusband Woolstores Complex, Kensington
 Burnham Beeches
- Spurling House, Brighton
- Nanga Gnulle, Bendigo
- Richmond Maltings Complex, Cremorne
- Red Cross Rest Home, Caulfield
- Mt Buffalo Chalet
- Point Nepean Masterplan
- West Gate Tunnel Project
 Former Repatriation Commission Outpatient
- Clinic, 310 St Kilda Road
- Former Pentridge PrisonCamperdown Botanic Gardens

OPPOSITE

Queen Victoria Market, Melbourne

Engagement

We further strengthened our community engagement in partnership with the Royal Historical Society of Victoria, speaking at four seminar days across Victoria attended by more than 200 representatives of local historical societies about the National Trust's advocacy work.

We also saw a dramatic increase in digital engagement, page views of the Trust Advocate blog increasing by 72% compared to 2015-16. We posted 44 articles on our blog, with the most online engagement resulting from our coverage of the demolition of the Corkman Irish Pub, Mount Buffalo Chalet, and the proposed redevelopment of Burnham Beeches. In July 2016 we initiated a monthly advocacy email update for more than 7.500 members and subscribers. We also initiated new social media campaigns, with 312 posts across the year totalling a reach of nearly 400,000.

CLOCKWISE FROM TOP

Gallipoli Oaks Project

Baluk Arts, Endeavour Fern Gully

Ross Lloyd and Greg Buchanan form the Bass Coast Branch

Branches

Our Branches continued to spearhead heritage advocacy in our regions. The Portland Branch was involved in a VCAT hearing, which tested a VicSmart permit that saw the demolition of the Richmond Henty Hotel Wall in Portland. The decision identified deficiencies in VicSmart and Heritage Overlay provisions, prompting a response from the Minister for Planning and setting an important precedent. The Ballarat Branch led the Trust's advocacy regarding the state government's Ballarat Station Redevelopment plans, while the Geelong & Region Branch has continued their 20 year advocacy for the protection and conservation of the Barwon River Ovoid Sewer Aqueduct. Our Branches also led the celebration of our heritage, with Heritage Awards held in Ballarat, Geelong, and Mornington Peninsula.

Ruth Crofts, President of the National Trust Casey-Cardinia Branch, was awarded the Order of Australia Medal for services to community history and heritage preservation in the 2017 Australia Day Honours list.

Reconciliation

We are now celebrating the successful delivery of the 2014-16 Reconciliation Action Plan as an active strategic document. Achievements resulting from the Plan include the design and implementation of Traditional **Owner Acknowledgment plaques** at National Trust properties, involvement in the erection of the City of Melbourne's 'Standing by Tunnerminnerwait and Maulboyheenner' memorial, Cultural Awareness Training undertaken by staff and volunteers, and the ongoing commitment of the National Trust Aboriginal Advisory Committee to progressing Reconciliation initiatives across the organisation.

This year will see the launch of our Innovate Reconciliation Action Plan 2017-2019. As our third and most ambitious plan to date, our 2017–2019 RAP identifies the actions our organisation will undertake to ensure Aboriginal and Torres Strait Islander heritage values and partnerships are firmly incorporated into our programs, projects and broader cultural heritage advocacy and education.

The implementation of this RAP has already seen the completion of an Aboriginal Cultural Heritage Survey of the Old Melbourne Gaol, a review of our Aboriginal and **Torres Strait Islander Employment** Procedure, consultation with the Wurundjeri Tribe Land **Compensation and Cultural** Heritage Council and Aboriginal Victoria regarding the Sunbury Rings Cultural Landscape, and a partnership with Baluk Arts which included an Exhibition and Book Launch inspired by National Trust property Endeavour Fern Gully.

Register of Significant Trees

A total of 26 trees were added to the Significant Tree Register, including 14 at Gnotuk, a heritage garden in Camperdown. Weekly #trusttreestuesday and tree advocacy updates were well received on social media, with 148 posts across the year totalling a reach of 200,000 and an average engagement rate of 6.9%. Dr Greg Moore, chair of the Significant Tree Committee was awarded the Order of Australia Medal for service to the environment, particularly to arboriculture, in the Queen's Birthday 2017 Honours list. Greg's 20th year as Chair of the Committee was also celebrated in 2016.

Gallipoli Oaks Project

In the fourth year of the Gallipoli Oaks Project, the National Trust saw the 400th tree delivered as part of the project. Once again we'd like to thank our generous sponsors and supporters, particularly Mt William Tree Nursery for propagating the acorns, and Garden Express for safely packaging and distributing the trees each year.

EXHIBITIONS & COLLECTIONS

Night Life Exhibition

The Trust's reputation for costume exhibitions continued in 2017 with the display of Night Life at Barwon Park and Rippon Lea. Over 17,000 attended the exhibition making Night Life the most popular show the Trust has created from its own collection.

Developed by curator Elizabeth Anya-Petrivna, the exhibition featured items of 1920s and 30s evening wear and accessories.

The exhibition was complimented by a suite of events and workshops aimed at engaging audiences in the 20s and 30s lifestyle. Activities included fun soiree's, curator talks, creative workshops and vintage automobile days.

The Dressmaker Exhibition

The Dressmaker exhibition closed at Rippon Lea in July 2016 attracting over 17,000 visitors to the property. The exhibition featured costumes designed by Marion Boyce and Margaret Wilson for the movie of the same title featuring Kate Winslet and Liam Hemsworth.

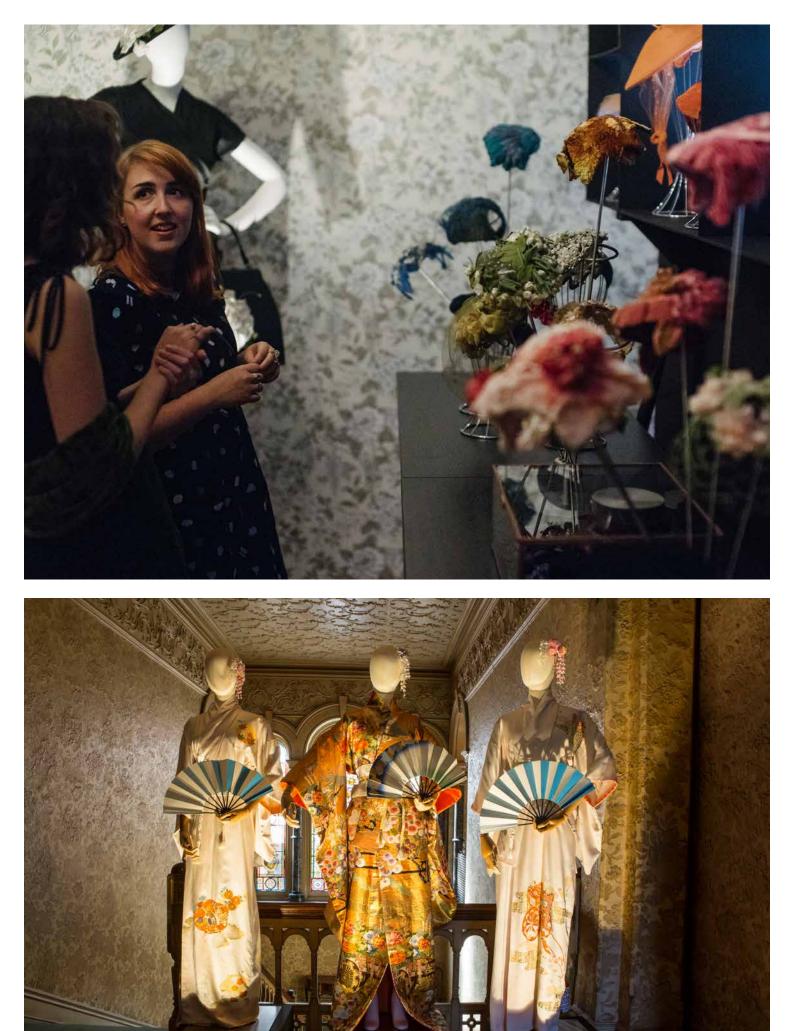

Assisted by the film's producer, Sue Maslin, the exhibition toured to National Trust properties in South Australia and Queensland to great success.

Layers and Pattern: Wallpaper Exhibition

Only two or three Japanese artisans are left in the world who can create the special handcrafted gold foil wallpapers that decorate Labassa and Rippon Lea.

To coincide with the People's Ground Conference in October, the Trust invited Mr Akida and Mr Uedo from the Kinkarakami in Tokyo to demonstrate this rare and extraordinary craft.

To support their visit the Trust presented the Layers and Pattern exhibition at Labassa which included elaborate and highly textured wallpapers from the Kinkarakami institute alongside Century wallpapers generously loaned from the Phyllis Murphy collection.

With the kind assistance of our members, friends and

Collections

supporters, a number of remarkable and interesting objects have been accessioned into the National Trust collection during the year. Notable additions to the collection include a gasolier light fitting now installed in the boudoir at Labassa; a simple black Bible owned by the Bell family; a silver tea service significant to Barwon Park; and a rare 1920s Panatrope (78rpm disc record player) which will go on display at Rippon Lea.

Old Melbourne Gaol

During the year the Trust launched a new audio tour interpretation of the Old Melbourne Gaol specifically targeting the Chinese market. Prisoner stories and information about the Gaol's past has been reinterpreted and launched on Android devices available for visitors to hire. An English version has also been created and is proving to be a popular addition to the Gaol customer experience.

OPPOSITE, CLOCKWISE FROM TOP

EDUCATION

Learning

The provision of school education continues to be a significant focus of Trust activities with approximately 48,000 students attending formal learning programs throughout the year. The Gaol remains our most popular property demonstrating increased popularity with independent and regional schools. Polly Woodside Tall Ship experienced growth in participation during the year due to the introduction of a new Maths@ Sea program which introduces students to mathematical concepts related to sea travel such as measurement, time and volume.

Online Resource Development

During the year the Trust developed an innovative online program for primary students in conjunction with the ABC. The program, entitled ABC Splash, is the network's online teacher resource portal. The Trust developed a series of 24 videos called Going to Work – Now and Then which compare the current working life of people in the local area to characters who worked in the past at Rippon Lea in similar jobs.

To support teachers to deliver more meaningful programs the Trust this year has developed a suite of classroom resources for teachers. To enhance the popular Old Melbourne Gaol program, the Trust digitised and distributed to schools a package of over 80 archival images, texts and inquiry questions to support student learning in the classroom.

Presentations

The use of new technology and drama in facilitating learning was the focus of a number of presentations given by Trust staff throughout the year. Notable highlights during the year include presentations by education staff at the National Trust of Australia conference in Canberra, State Library of Victoria's Making Public Histories seminar, and the Trust's Victorian Law Foundation Law Week collaboration with the History Teachers Association of Victoria.

Education Partnerships

During the year the Trust collaborated on a project involving MADA Monash University design and architecture students. Their task was to develop a range of innovative concepts to enrich visitor understanding of Labassa's 20thC history. During the project students developed a range of engaging ideas such as animated video and interactive light box interpretations featuring the lead light window designs featured at the property.

The People's Ground

From 4-8 October 2016, over 250 heritage professionals and enthusiasts attended the Melbourne Cricket Ground for The People's Ground conference, held in partnership with Australia ICOMOS. The event delivered a packed program of events, including two days of formal papers and panels with more than 60 speakers, and workshops at National Trust properties. Sponsorship was secured from Lovell Chen Architects & Heritage Consultants, Working Heritage, the Heritage Council of Victoria, Deakin University, Federation University, Context, and GML Heritage.

Australian Heritage Festival

The 2017 Australian Heritage Festival took place from 18 April to 21 May, celebrating the theme 'Having a Voice' with 261 events across Victoria hosted by 182 organisers. There was a 16% increase in events presented compared to 2016, and event attendees exceeded 123,000. Improvements to online communications and social media saw the print and media reach estimated to be in excess of 2.4m, with a social media reach of 63,530.

CLOCKWISE FROM TOP

Como Vintage Clothing Sale

Easter Fun Day at Rippon Lea (x2)

Melbourne International Comedy Festival at Tasma Terrace

Teddy Bears' Picnic at Rippon Lea

Vintage Clothing Sale

The Trust's annual Vintage Clothing Sale welcomed over 1,800 fashionistas to Como in March. This important event is organised and run by a dedicated team of volunteers - Nance Houen, Elizabeth Howcroft, Deb Bannister and Betty Spangaro. Throughout the year they thoughtfully collect and sort donations in preparation for the sale in March. The Trust's generous Members play an important part in the success of this event through the donation of quality clothing and accessories. Through their tireless efforts, the 2017 event generated over \$50,000 in sales.

Rippon Lea

The annual Teddy Bears' Picnic and Easter Fun Day at beautiful Rippon Lea enjoyed continued success in 2017 with increased attendances due to the fine weather. Over 7,600 people attended both events, an increase of 8% on last year's attendances. Online ticket sales improved by 19% in the lead up to event day, resulting in quicker access through the gate for pre purchased ticket holders.

Comedy Festival

In April the Trust's head office, Tasma Terrace, opened its doors to the Melbourne International Comedy Festival. Over a full four week period over 2,500 people attended evening performances in the Terraces. The event featured over 60 different acts across four stages and quickly became the most talked about new venue at the Festival.

Heritage Apple Sale

The Heritage Apple Sale in March was an opportunity to savour the wonderful tastes of heritage apples at Rippon Lea. The Heritage Fruits Society provided tasting sessions with over 15 varieties of apple, and our gardening team supplied apple trees for sale on the day, grafted from the Trust's collection of over 40 different apple varieties.

Gumbadik

On display at Tasma Terrace in May during the Australian Heritage Festival Gumbadik was an exhibition of photographic artworks by the dynamic artists of Baluk Arts, a non-profit Aboriginal arts organisation based in Mornington. The exhibition was inspired by the Trust's 27 hectare Endeavour Fern Gully property at Red Hill. The beautiful works featured in the exhibition showcased the artists' innate connection to country through their exploration of this special landscape. Gumbadik is a Taungurung/Boonwurrung word meaning soft tree fern that grows on rich ground by a creek.

ENGAGEMENT

The Trust Marketing department has had a very productive year promoting all of our properties, campaigns and events to members and the broader market.

The focus on improving the Trust's digital presence continued in 2016-17 with significant growth in engagement on social media and online transactions. Our visitors are spending more time on our website and consuming more content than ever before.

Social Media

The Trust's social media engagement continued to grow in 2016-17 as we directed our focus on to local advocacy issues and the promotion of our events and exhibitions. Digital campaigns such as #trusttreetuesday, #watchlistwednesday and #texturethursday have resulted in increased Facebook activity whilst exhibitions and events have boosted our Instagram following by 94%.

New digital assets such as video and photography were commissioned and positioned on social media to boost online sales amongst new audiences resulting in a 19% increase in event sales to the annual Teddy Bears' Picnic and Easter Fun Day at Rippon Lea.

| Platform | Followers 2015-16 | Followers 2016-17 |
|-----------|----------------------|----------------------|
| Facebook | 7261 | 10,161 |
| Twitter | 2426 | 3069 |

e-Newsletter

Expanding the reach of our digital e-newsletter communications to new audiences has been successful in 2016-2017 resulting in a 32% increase in nonmember subscribers. The Trust's email open rates have continued to sit well above global industry averages, as too have our email click through to website rates.

Website

The Trust's digital presence expanded in 2016-2017 with the development of a new, integrated Australian Heritage Festival website featuring event registration and booking functionality. We received over 3,600 unique page views and 4,433 unique sessions during the 2017 Festival.

Media

Our event and advocacy activity attracted strong interest from a broad cross section of media with numerous outlets reaching out to include commentary on our latest news and events.

During 2016–2017 the Trust secured \$2.86 million worth of editorial coverage, up from \$2.2 million in the year prior. A significant contributor to this growth in media coverage was the Trust's increased public commentary on key heritage protection issues such as the demolition of the Carlton Inn (Corkman Irish Pub), Melbourne Metro Rail Tunnel project, and the Queen Victoria Market development.

The Trust's commitment to delivering quality exhibitions continued in 2016–2017 with the launch of Night Life at Barwon Park in January, and in May at Rippon Lea. The exhibition generated over \$1.2 million worth of media coverage and was featured extensively on free to air television, ABC Radio, The Age, Herald Sun, Broadsheet and The Urban List reaching an estimated audience in excess of 5.8 million.

The Trust magazine

The outstanding work of the National Trust movement in Australia was celebrated with the release of The Trust magazine, compiled by Country Style magazine editor Victoria Carey. Distributed to over 80,000 Trust members nationally the magazine is supported by the Commonwealth government and highlights the significant and energetic work of the National Trust movement across Australia.

OUR PEOPLE

At the Trust we believe our people are critical to the delivery of our vision and we are committed to support their ongoing engagement and professional development. The Trust continues to be recognised as an outstanding place to work. Our commitment to improving internal communications, creating learning opportunities and supporting people and managers has enabled us to attract and retain a dynamic and highly skilled workforce. During the year 32 professional positions were filled.

Volunteer engagement has been a key focus of activities throughout the year with the team dedicating significant time into improving recruitment, onboarding, promotion, training and recognition activities.

Volunteers

Our dedicated team of volunteers grew significantly in both numbers and diversity in 2017. The ongoing volunteer base increased by 8%, contributing approx. 40,000 hours of their time across Trust properties. Corporate volunteering continued to be strong throughout the year with special projects such as Polly Woodside conservation works and Rippon Lea's Night Life exhibition attracting strong volunteer support from National Australia Bank, AGL, Hitwise, Mercer, and JBWere.

Our volunteer team continues to grow in diversity and skills, helping us improve our operations and conservation work. The tireless support of our volunteer team was recognised throughout the year with a number of individuals presented STAR Awards, and 89 volunteer Years of Service Certificates, and in May we celebrated National Volunteer Week with a morning tea event at Rippon Lea, including the presentation of Years of Service Certificates.

Health and Wellbeing

To support an active and healthy lifestyle the Trust launched a new initiative during the year to support health and wellbeing.

At the Trust we believe that healthy people are more engaged, can cope better with everyday stress and are better prepared for their future. To support the wellbeing of our volunteers and staff the People and Culture team have developed a program of activity to help enhance physical, emotional and financial health. The program includes workshops, online resources, social activities and talks to support our people to be at their peak across all aspects of their lives.

Learning and Development

At the Trust we continually invest in a culture of learning and development. During the year a number of training programs were activated to drive continuous improvement to increase the skills, knowledge and capability of our people to deliver their best. On the job training materials, targeted individual development, e-learning and our new mentor program have been offered with over 1,000 hours invested in these programs throughout the year.

Trust Experience & Special Responsibilities:

Company Secretary

DIRECTORS' REPORT 2017

The Directors present their report, together with the financial statements, on the company for the year ended 30 June 2017.

Directors and Officers

For the whole year and to the date of this report, unless otherwise shown, the Directors of the National Trust of Australia (Victoria) are: K Stegley, Dr U M de Jong, A W Knight OAM (until November 2016), M Peck AM (until November 2016), I Hamm, Dr J Healy, W Brooks, Dr C Dyson, J Murphy, P Lamell, L Molesworth (appointed 29 May 2017).

Review of Operations

This year saw a decline in income of \$1.46 million, particularly as there were fewer exhibitions at our properties. Hence the decline in admissions income and revenue on the sale of goods. Also there was an adjustment to rental income at Rippon Lea. On the positive side there was greater income from bequests and filming at our various properties.

Our expenses for the year also decreased, by \$0.86 million. This was across event costs and cost of sales (related to fewer exhibitions), employee benefits and superannuation, advertising, and a range of other expenses.

The end result was a small loss of \$73,670 which was more than offset by an increase in the value of our equity securities and in our heritage properties. Thus an overall Comprehensive Income for the year of \$311,700.

Principal Activity

The principal activity of the company in the course of the financial year was conduct of an organisation whose objective is the conservation of the State's heritage. No change occurred in the nature of that activity during the year.

Short Term and Long Term Objectives

The company has the following Objectives:

- 1. Custodianship of Our Heritage
- 2. Advocacy and Expert Advice
- 3. Engagement and Inspiration
- 4. Exhibiting Collections and Stories
- 5. Building Future Capability
- 6. Being Financial Resilient

Strategies

To achieve its stated objective, the company has adopted the following Strategies:

- Implementation of best practice in conservation, interpretation and property management, including prioritised condition surveys and building upon our environmental sustainability successes
- Development of a sustainable and representative property plan
- Creation of effective stakeholder programs by updating the branch, committees and friends governance framework and developing a marketing and communication plan
- Creation of opportunities for learning by developing enriching and compliant programs for schools
- Development of the Trust's advocacy role
- Implementation of business best practice across the Trust by encouraging transparency and accountability in all financial operations
- Establishment of the Trust Foundation

Key Performance Measures

The company measures its own performance through the use of both quantitative and qualitative benchmarks. The benchmarks are used by the Directors to assess the financial sustainability of the company and whether the company's short-term and long-term objectives are being achieved.

Events Subsequent to Balance Date

At the date of this report, the Directors are not aware of any matter or circumstance which has arisen that has significantly affected or may significantly affect the operations of the organisation, the results of those operations or the state of affairs of the organisation in the financial year subsequent to 30 June 2017.

Future Developments

Future developments known at the date of this report are set out in the accompanying reports.

Dividends

The National Trust of Australia (Victoria) is a company limited by guarantee and therefore has no share capital. Payment of any dividend to members is prohibited by the Constitution of the company.

Indemnities and Insurance Premiums

The company has not, during or since the financial year, in respect of any person who is or has been an officer or auditor of the company:

- Indemnified or made any relevant agreement for indemnifying against a liability incurred as an officer, including costs and expenses in successfully defending proceedings; or
- Paid or agreed to pay a premium in respect of a contract insuring a liability incurred as an officer for the costs or expenses to defend legal proceedings;

with the exception of the following matters:

During the financial year, the company paid premiums to insure each of the Directors against liabilities for costs and expenses incurred by them in defending any legal proceedings arising out of their conduct while acting in the capacity of Director of the company, other than conduct involving a wilful breach of duty in relation to the company. The amount of the premium for Directors and Officers Insurance was \$7,788.

DIRECTOR'S ATTENDANCE

The number of meetings the Board of Directors and Board Committees held during the year and each Director's attendance at those meetings are set out below:

| | Board | Heritage | Cultural Collections, Interpretation & Programming | Finance & Audit | Buildings & Estates | Aboriginal Advisory Committee | Risk & Governance |
|---------------------|-------|----------|---|--------------------|------------------------|-------------------------------------|----------------------|
| Yearly Total | 9 | 4 | 4 | 10 | 3 | 4 | 5 |

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30 2017

1. Statement of Significant Accounting Policies

The consolidated financial statements and notes represent those of National Trust of Australia (Victoria) and Controlled Entities (the "consolidated group" or "group").

The separate financial statements of the parent entity, National Trust of Australia (Victoria), have not been presented within this financial report. Separate parent entity financial information is disclosed in Note 2 to this financial report.

(a) Corporate information

National Trust of Australia (Victoria) is an unlisted company limited by guarantee and incorporated and domiciled in Australia.

The registered office and principal place of business is 4 Parliament Place, East Melbourne, Victoria.

(b) Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements of the Australian Accounting Standards Board and the Australian Charities and Not-for-profits Commission Act 2012 ("ACNC Act"). The company is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest dollar.

The financial statements were authorised for issue on 23 October 2017 by the Directors of the company.

(c) Principles of Consolidation

The consolidated financial statements incorporate the assets, liabilities and results of entities controlled by National Trust of Australia (Victoria) at the end of the reporting period. A controlled entity is any entity over which National Trust of Australia (Victoria) has the power to govern the financial and operating policies so as to obtain benefits from its activities. The consolidated financial statements incorporate the financial statements of the National Trust of Victoria Foundation.

Where controlled entities have entered or left the Group during the year, the financial performances of those entities are included only for the period of the year that they were controlled. A list of controlled entities is contained in Note 20 to the financial statements.

In preparing the consolidated financial statements, all intragroup balances and transactions between entities in the consolidated group have been eliminated in full on consolidation.

(d) Critical accounting estimates and judgements

The Directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company.

Key judgements

Heritage and cultural assets

The group has over many years been, and continues to be, the recipient of contributions of heritage and cultural assets including property and collections at no cost. Key judgements are required to assess whether heritage and cultural assets should be recognised as assets by the group.

The Directors have determined which assets meet the criteria to be recognised as a heritage and cultural asset. These criteria include but are not limited to:

- The heritage and cultural assets are owned or controlled by the group;
- The value of the heritage and cultural assets can be reliably measured;
- It is probable that future economic benefits associated with the assets will flow to the group;
- The assets must have heritage or cultural significance; and
- The assets must be in the form of land and/or buildings.

The directors have assessed these assets not to have limited useful lives, and therefore they are not subject to depreciation.

(e) Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair value as indicated, less, where applicable, accumulated depreciation and any impairment losses.

Property

Freehold land and buildings are measured at cost less accumulated depreciation and impairment losses.

Costs incurred relating to properties owned by the company have been capitalised as fixed assets in accordance with AASB 116, when the costs are significant and deemed to add future value to the life of the asset.

Costs incurred relating to property related projects which are incomplete as at the end of the financial year are disclosed in projects in progress. Depreciation does not commence until the relevant projects are completed. Once projects are completed the assets are reclassified according to their nature.

Heritage and cultural assets

Heritage & cultural assets that are recognised as property, plant and equipment are shown at their fair value, based on periodic valuations by external independent valuers every 3 to 5 years. Increases in the carrying amount arising on revaluation of heritage and cultural assets are credited to a revaluation reserve in equity. Decreases that offset previous increases of the same asset are recognised against revaluation reserve directly in equity; all other decreases are recognised in profit or loss. Heritage & cultural assets are not depreciated.

Plant and equipment

Plant and equipment are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Depreciation

The depreciable amount of all fixed assets, including buildings and capitalised lease assets, but excluding freehold land, is depreciated on a straight line basis over the asset's useful life to the entity commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

| Class of Asset | Depreciation Rates |
|--|--------------------|
| Heritage & cultural assets | Nil |
| Buildings | 2.5 |
| Leasehold improvements - Buildings and related works | 4 |
| Plant and equipment | 10-25 |
| Furniture and fittings | 1-18 |
| Computer equipment | 33 |
| Motor vehicles | 20 |

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the statement of comprehensive income.

(f) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in values, and bank overdrafts.

(g) Financial Instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the company commits itself to either purchase or sell the asset (i.e. trade date accounting is adopted). Financial instruments are initially measured at fair value plus transactions costs except where the instrument is classified "at fair value through profit or loss" in which case transaction costs are expensed to profit or loss immediately.

Classification and subsequent measurement

Financial instruments are subsequently measured at fair value or cost. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted. Subsequent to initial recognition these instruments are measured as set out below.

Financial assets at fair value through profit and loss

Financial assets are classified at "fair value through profit or loss" when they are held for trading for the purpose of short-term profit taking, derivatives not held for hedging purposes, or when they are designated as such to avoid an accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management personnel on a fair value basis in accordance with a documented risk management or investment strategy. Such assets are subsequently measured at fair value with changes in carrying amount being included in profit or loss.

Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the company's intention to hold these investments to maturity. They are subsequently measured at cost. Gains or losses are recognised in profit or loss and when the financial asset is derecognised. Financial assets held to maturity are included in non-current assets, except for those with maturities less than 12 months from the reporting date, which are classified as current assets.

Available for sale financial assets

Available-for-sale investments are non-derivative financial assets that are either not capable of being classified into other categories of financial assets due to their nature or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

They are subsequently measured at fair value with any re-measurements other than impairment losses and foreign exchange gains and losses recognised in other comprehensive income. When the financial asset is derecognised, the cumulative gain or loss pertaining to that asset previously recognised in other comprehensive income is reclassified into profit or loss.

Available-for-sale financial assets are classified as non-current assets when they are expected to be sold within 12 months after the end of the reporting period. All other available -for-sale financial assets are classified as current assets.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at cost. Gains or losses are recognised in profit or loss and when the financial asset is derecognised.

Financial liabilities

Non-derivative financial liabilities other than financial guarantees are subsequently measured at cost. Gains or losses are recognised in profit or loss and when the financial liability is derecognised.

Impairment

At the end of each reporting period, the company assesses whether there is objective evidence that a financial asset has been impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence that impairment as a result of one or more events (a "loss event") has occurred, which has an impact on the estimated future cash flows of the financial asset(s).

In the case of available-for-sale financial assets, a significant or prolonged decline in the market value of the instrument is considered to constitute a loss event. Impairment losses are recognised in profit or loss immediately. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified to profit or loss at this point.

Derecognition

Financial assets are derecognised when the contractual rights to receipt of cash flows expire or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised when the related obligations are discharged or cancelled, or have expired. The difference between the carrying amount of the financial liability, which is extinguished or transferred to another party, and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

(h) Impairment of Assets

At the end of each reporting period, the entity assesses whether there is any indication that an asset may be impaired. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. in accordance with the revaluation model in AASB 116). Any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

Where it is not possible to estimate the recoverable amount of an individual asset, the entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

(i) Trade and Other receivables

Trade receivables, which generally have 7-30 day terms, are recognised and carried at original invoice amount less an allowance for any uncollectible amounts.

An allowance for doubtful debts is made when there is objective evidence that the entity will not be able to collect the debts.

(j) Inventories

Retail inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less selling expenses.

(k) Biological Assets

Biological assets are stated at fair value less estimated point-of-sale costs, with any resultant gain or loss recognised in the income statement. Point-of-sale costs include all costs that would be necessary to sell the assets, excluding costs necessary to get the assets to market.

The fair value of livestock is based on the market price of livestock of similar age, breed and genetic merit.

(l) Trade and Other Payables

Trade payables and other payables are carried at amortised cost and represent liabilities for goods and services provided to the company prior to the end of the financial year that are unpaid and arise when the company becomes obliged to make future payments in respect of the purchase of these goods and services.

(m) Employee Benefits

Short term obligations

Liabilities for wages, salaries and annual leave that are expected to be settled within 12 months of the reporting date represent present obligations resulting from employees' services provided to reporting date. They are calculated at undiscounted amounts based on remuneration wage and salary rates that the company expects to pay as at reporting date including related on-costs, such as workers compensation insurance and payroll tax.

Long-term employee benefit obligations

The liability for long service leave and annual leave which is not expected to be wholly settled within twelve months after the end of the period in which the employees render the related service is recognised in the provision for employee benefits and is measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the end of the reporting period on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

The obligations are presented as current liabilities in the Consolidated Statement of Financial Position if the company does not have an unconditional right to defer settlement for at least twelve months after the reporting date, regardless of when the actual settlement is expected to occur.

Superannuation

The amount charged to the Consolidated Statement of Comprehensive Income in respect of superannuation represents the contributions made by the company to superannuation funds.

(n) Fair Value Measurement

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principle market; or in the absence of a principle market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interest. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

(o) Provisions

Provisions are recognised when the entity has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(p) Income Tax

The company is an income tax exempt charity under subdivision 50-5 of the Income Tax Assessment Act 1997 and is listed as being a deductible gift recipient under subdivision 30B of the Income Tax Assessment Act 1997.

(q) Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised.

Sale of Goods

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Risks and rewards of ownership are considered passed to the buyer at the time of delivery of goods to the customer.

Rendering of Services

Revenue from rendering of services is recognised upon delivery of the service to the customer.

Grant revenue

Grant revenue is recognised when the company controls the funds and specific performance obligations have been met.

Interest Income

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

Rental income

Residential rental income is recognised on receipt of the funds from the property manager. Nonresidential rental income is recognised on a straight line basis over the term of the lease.

Donation Income

Donations are recognised on receipt.

Dividend Income

Dividend income is recognised when the right to receive a dividend has been established.

All revenue is stated net of the amount of goods and services tax (GST).

(r) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows included in receipts from customers or payments to suppliers.

(s) Leases

Leases of fixed assets, where substantially all the risks and benefits incidental to the ownership of the asset (but not the legal ownership) are transferred to the entity, are classified as finance leases.

Finance leases are capitalised, recognising an asset and a liability equal to the present value of the minimum lease payments, including any guaranteed residual values.

Leased assets are depreciated on a straight-line basis over their estimated useful lives where it is likely that the entity will obtain ownership of the asset. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are recognised as expenses on a straight-line basis over the lease term.

Lease incentives under operating leases are recognised as a liability and amortised on a straight-line basis over the life of the lease term.

(t) Appeal Funds

Appeal funds are brought to account when received as Other Financial Assets (Tied Funds) and a liability recognised for the related costs for which the funds will be used.

(u) Comparative Figures

Where required by Accounting Standards, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

(v) New and Revised Accounting Standards and Interpretations

Accounting Standards/Interpretations at the date of this report, issued but not yet effective, are AASB 9 Financial Instruments, AASB15 Revenue from Contracts with Customers, AASB16 Leases, and AASB 1058 Income of Not-for-Profit Entities. Other than changes to disclosure formats, it is not expected that the initial application of these new standards in the future will have any material impact on the financial report, except for AASB 16 which does not come into effect until the financial year ending 30 June 2020. This standard requires operating leases which are currently held off balance sheet to be brought onto the balance sheet. Future expected lease payments should be capitalized and brought onto the balance sheet as an asset (right of use) and also reflect an offsetting liability and amortized together with interest costs over the expected remaining period of the leases. The expected value of such assets and liabilities at 30 June 2017 is \$806,352.

As stated in the accounting policy in note 1 (d) to the financial report, heritage and cultural assets are only recognised as assets of the group where all of the criteria determined by the directors have been met. Material heritage and cultural assets associated with the National Trust of Australia (Victoria) ("NTAV") that are not included as assets at the date of this financial report are as follows:

- Old Melbourne Gaol - Crown land and commercial lease;

- Polly Woodside Dock Site Crown lease;
- Tasma Terrace Crown land;
- La Trobe's Cottage Crown land;
- Blackwood Cottage Crown land;
- Heidelberg Police Residence Crown land;
- Port Fairy Powder Magazine Crown land; and
- Gulf Station portion that is Crown Land
- Como House and Garden owned by separate trust, NTAV is trustee of the trust

NATIONAL TRUST _____

Nature and purpose of reserves

Fair value reserve

This reserve records fair value changes on available-for-sale investments prior to the disposal of the investment. When an available for sale asset is sold the balance of the reserve in relation to that asset is transferred to general reserve.

Asset revaluation reserve

This reserve records changes in the carrying amount arising on revaluation of property, plant and equipment.

Special projects reserve

This comprises money received for special projects, and recognised as income in prior years, but has not yet been expended.

Endowment funds

Endowments are specific funds that have been vested in the company on condition that the capital can only be spent under specified conditions. These funds are used only for the purposes of the upkeep and improvement of the properties and chattels to which they relate.

Heritage assets reserve

This reserve records the value of transactions arising from Heritage Assets being sold or purchased.

Foundation funds

The National Trust of Victoria Foundation Ltd was established to act as trustee of the National Trust of Victoria Foundation, a public ancillary fund established to provide money, property and benefits to the NT (Victoria) House Museums and Historic Sites Group. Funds received are held for this purpose. National Trust of Victoria Foundation is consolidated into the financial report of National Trust of Australia (Victoria).

| 23. Capital and Leasing Commitments | | |

Operating Lease Commitments

Lessee

Commitments for minimum lease payments in relation to noncancellable operating leases are payable as follow:

| - not later than one year | 251,456 | 275,436 |
|---|---------|-----------|
| - later than one year and not later than five years | 554,897 | 745,740 |
| | 806,352 | 1,021,176 |

The lease commitments relate to a property lease and various photocopier leases.

The property lease is a non-cancellable lease with 41 months remaining on an initial five year term. An option exists to renew the lease at the end of the five year term for two further terms of five years each.

Lessor

Commitments for minimum lease payments in relation to noncancellable operating leases are receivable as follows:

Receivable:

| 400,600 | 915,353 |
|---------|-----------|
| 42,863 | 1,876,162 |
| - | 3,287,804 |
| 443,464 | 6,079,319 |
| | 42,863 |

The company is the lessor of a number of properties with residential and commercial leases.

There are several heritage properties managed by the company which are leased to not for profit organisations for a peppercorn rent; these leases have not been included in the disclosure above.

24. Capital Expenditure Commitments

The Directors of the company are aware of the project commitment, funded by the Department of Environment, for the Rippon Lea House and Gardens - Stables Precinct and Culture Hub Development. The remaining commitment is for \$715,260.

25. Contingencies

The Directors are not aware of any contingent liabilities to be disclosed in the financial report.

26. Key Management Personnel Compensation

Any persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any Director (whether executive or otherwise) of that entity is considered key management personnel.

1,199,371

27. Other Related Party Transactions

Other related parties include close family members of key management personnel and entities that are controlled or jointly controlled by those key management personnel individually or collectively with their close family members.

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other persons unless otherwise stated.

For details of disclosures relating to key management personnel, refer to Note 26. During the year there were no other related party transactions.

28. Events after reporting period

The Directors are not aware of any matter or circumstance which has arisen that has significantly affected or may significantly affect the operations of the organisation, the results of those operations or the state of affairs of the organisation in the subsequent financial year.

DIRECTORS' DECLARATION

The directors' opinion:

- the financial statements and notes, as set out on pages 37 to 66, are in accordance with the Australian Charities and Not-for-profits Commission Act 2012 ("ACNC Act") including:
 - a. complying with Accounting Standards, the ACNC Act and other mandatory professional reporting requirements; and
 - b. giving a true and fair view of the company's financial position as at 30 June 2017 and of its performance for the year ended on that date.
- 2. In the directors opinion, there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NATIONAL TRUST OF AUSTRALIA (VICTORIA)

Opinion

We have audited the financial report of National Trust of Australia (Victoria) ("the Company") and its subsidiary ("the Group"), which comprises the consolidated statement of financial position as at 30 June 2017, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors declaration.

In our opinion, the financial report of National Trust of Australia (Victoria) has been prepared in accordance with Division 60 of the Australian Charities and Not-for-profits Commission Act 2012, including:

- (a) giving a true and fair view of the Group's financial position as at 30 June 2017 and of its financial performance and cash flows for the year ended on that date; and
- (b) complying with Australian Accounting Standards and Division 60 of the Australian Charities and Not-forprofits Commission Regulation 2013.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the National Trust of Australia (Victoria) in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Australian Charities and Not-for-profits Commission Act 2012* (ACNC Act) and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: <u>http://www.auasb.gov.au/auditors responsibilities/ar4.pdf</u>. This description forms part of our auditor's report.
