Dear Andrew

NATIONAL CAPITAL PLAN AMENDMENT 89

The National Trust strongly supports the proposed amendment as it will ensure the retention of the essential garden city planning concepts which were an integral part of Griffin's Plan. It is even more critical that this area adopt these planning guidelines as other areas of Canberra are slowly having their heritage values eroded.

We support the Explanatory Statement in Section 1.3 plus the strategic issues outlined, and the detailed guidelines and controls which are needed to ensure the objective are met.

Our only comment on the details is that vehicles/garages should be set back (as proposed) and not be part of front facade and not dominate the view from the street.

Yours sincerely

Eric Martin AM
