

CELEBRATE

CELEBRATING 25 YEARS

Winners 2019

The annual awards ensure that the various industries, specialist heritage skills and areas of knowledge dedicated to safeguarding and continuing the stories of our past are acknowledged, recognised and celebrated.

The National Trust Heritage Awards is announced at the heritage-listed Jones Bay Wharf in Pyrmont, Sydney.

From the President

The National Trust Heritage Awards celebrates its 25th Year in 2019 – which is a significant milestone for such an important program. Every year since its inception in 1994, the announcement of the National Trust Heritage Awards has been highly anticipated. The annual awards ensure that the various industries, specialist heritage skills and areas of knowledge dedicated to safeguarding and continuing the stories of our past are acknowledged, recognised and celebrated.

Winners, highly commended and shortlisted projects in each category are selected through a meticulous and rigorous process each year and are consistently of a high calibre. The National Trust Heritage Awards recognises conservation projects that emerge as a result of careful investment and exceptional built, interior and landscape design and construction expertise. It is a chance to appreciate the refinement and beauty of traditional craftsmanship and heritage trades; the depth and richness of research and authorship; and the development of education resources and exhibitions that explore and provide new knowledge for the benefit of future heritage lovers, the community and generations to come. The awards also highlight advocacy efforts that aim to protect our built, natural and cultural heritage.

This commemorative publication showcases the winners of the 2019 National Trust Heritage Awards, and provides a reflection of the winners since 1994. We hope that you enjoy the step back in time and continue to enjoy the National Trust Heritage Awards in the future.

Brian Powyer

National Trust 2019 Heritage Awards Reflecting on 25 Years

1994–2018

In 2019, the National Trust (NSW) celebrates the 25th Anniversary of the National Trust Heritage Awards. Such an important milestone provides us with an opportunity to acknowledge and reflect on the winning entries over a quarter of a century.

The efforts in design, construction and craftsmanship, conservation of places and landscapes as well as advocacy initiatives, exhibitions and events, publications, videos and stories have all played an important role in continuing and safeguarding our heritage. The National Trust (NSW) is proud to have recognised these projects through the National Trust Heritage Awards.

About the National Trust (NSW)

The National Trust is Australia's oldest and largest independent conservation organisation founded in 1945 in New South Wales by Annie Forsyth Wyatt. Collectively the National Trust in Australia owns or manages over 300 built and natural heritage places (the majority held in perpetuity), is supported by 7,000 volunteers and employs more than 300 people nationwide.

The National Trust (NSW) is committed to engaging the community to celebrate and conserve heritage places and collections through events and education. With the support of our members, volunteers and dedicated staff and partners, we advocate on the protection of historical and naturally significant places and collections to ensure their preservation for future generations.
